FROZEN GARDEN

COLLEZIONE
MARCEL WANDERS

Marcel Wanders, con la sua cifra personale originalissima, firma per Bisazza Frozen Garden, la prima collezione in pasta bianca smaltata. Le piastrelle dalla forma esagonale, disponibili in due versioni liberamente accostabili, diamante e fiore (Ceramic Crystal e Ceramic Flower Crystal) trasformano le pareti in un tessuto tattile e irregolare, una sorta di sofisticato basso rilievo. Una proposta decorativa dallo stile vagamente retrò, indicata per disegnare interni di tendenza.

Designed by Marcel Wanders in his unique signature style, the Frozen Garden collection by Bisazza marks the company's first collection of ceramic tiles. The hexagonal tiles are available in diamond and flower shapes (Ceramic Crystal and Ceramic Flower Crystal) and can be freely arranged to transform walls into a tactile three-dimensional surface. Highly decorative and stylish, the Frozen Garden collection is ideal for a variety of contemporary interiors.

“ It only takes one crystal to grow a Frozen Garden. Plant one with loving care, and watch Frozen Garden unfold before your eyes. Organic and wild, ceramic crystals transform walls into tactile and textured universes. Let go and run wild in a garden of your own. ”
